MATT COLLECTION

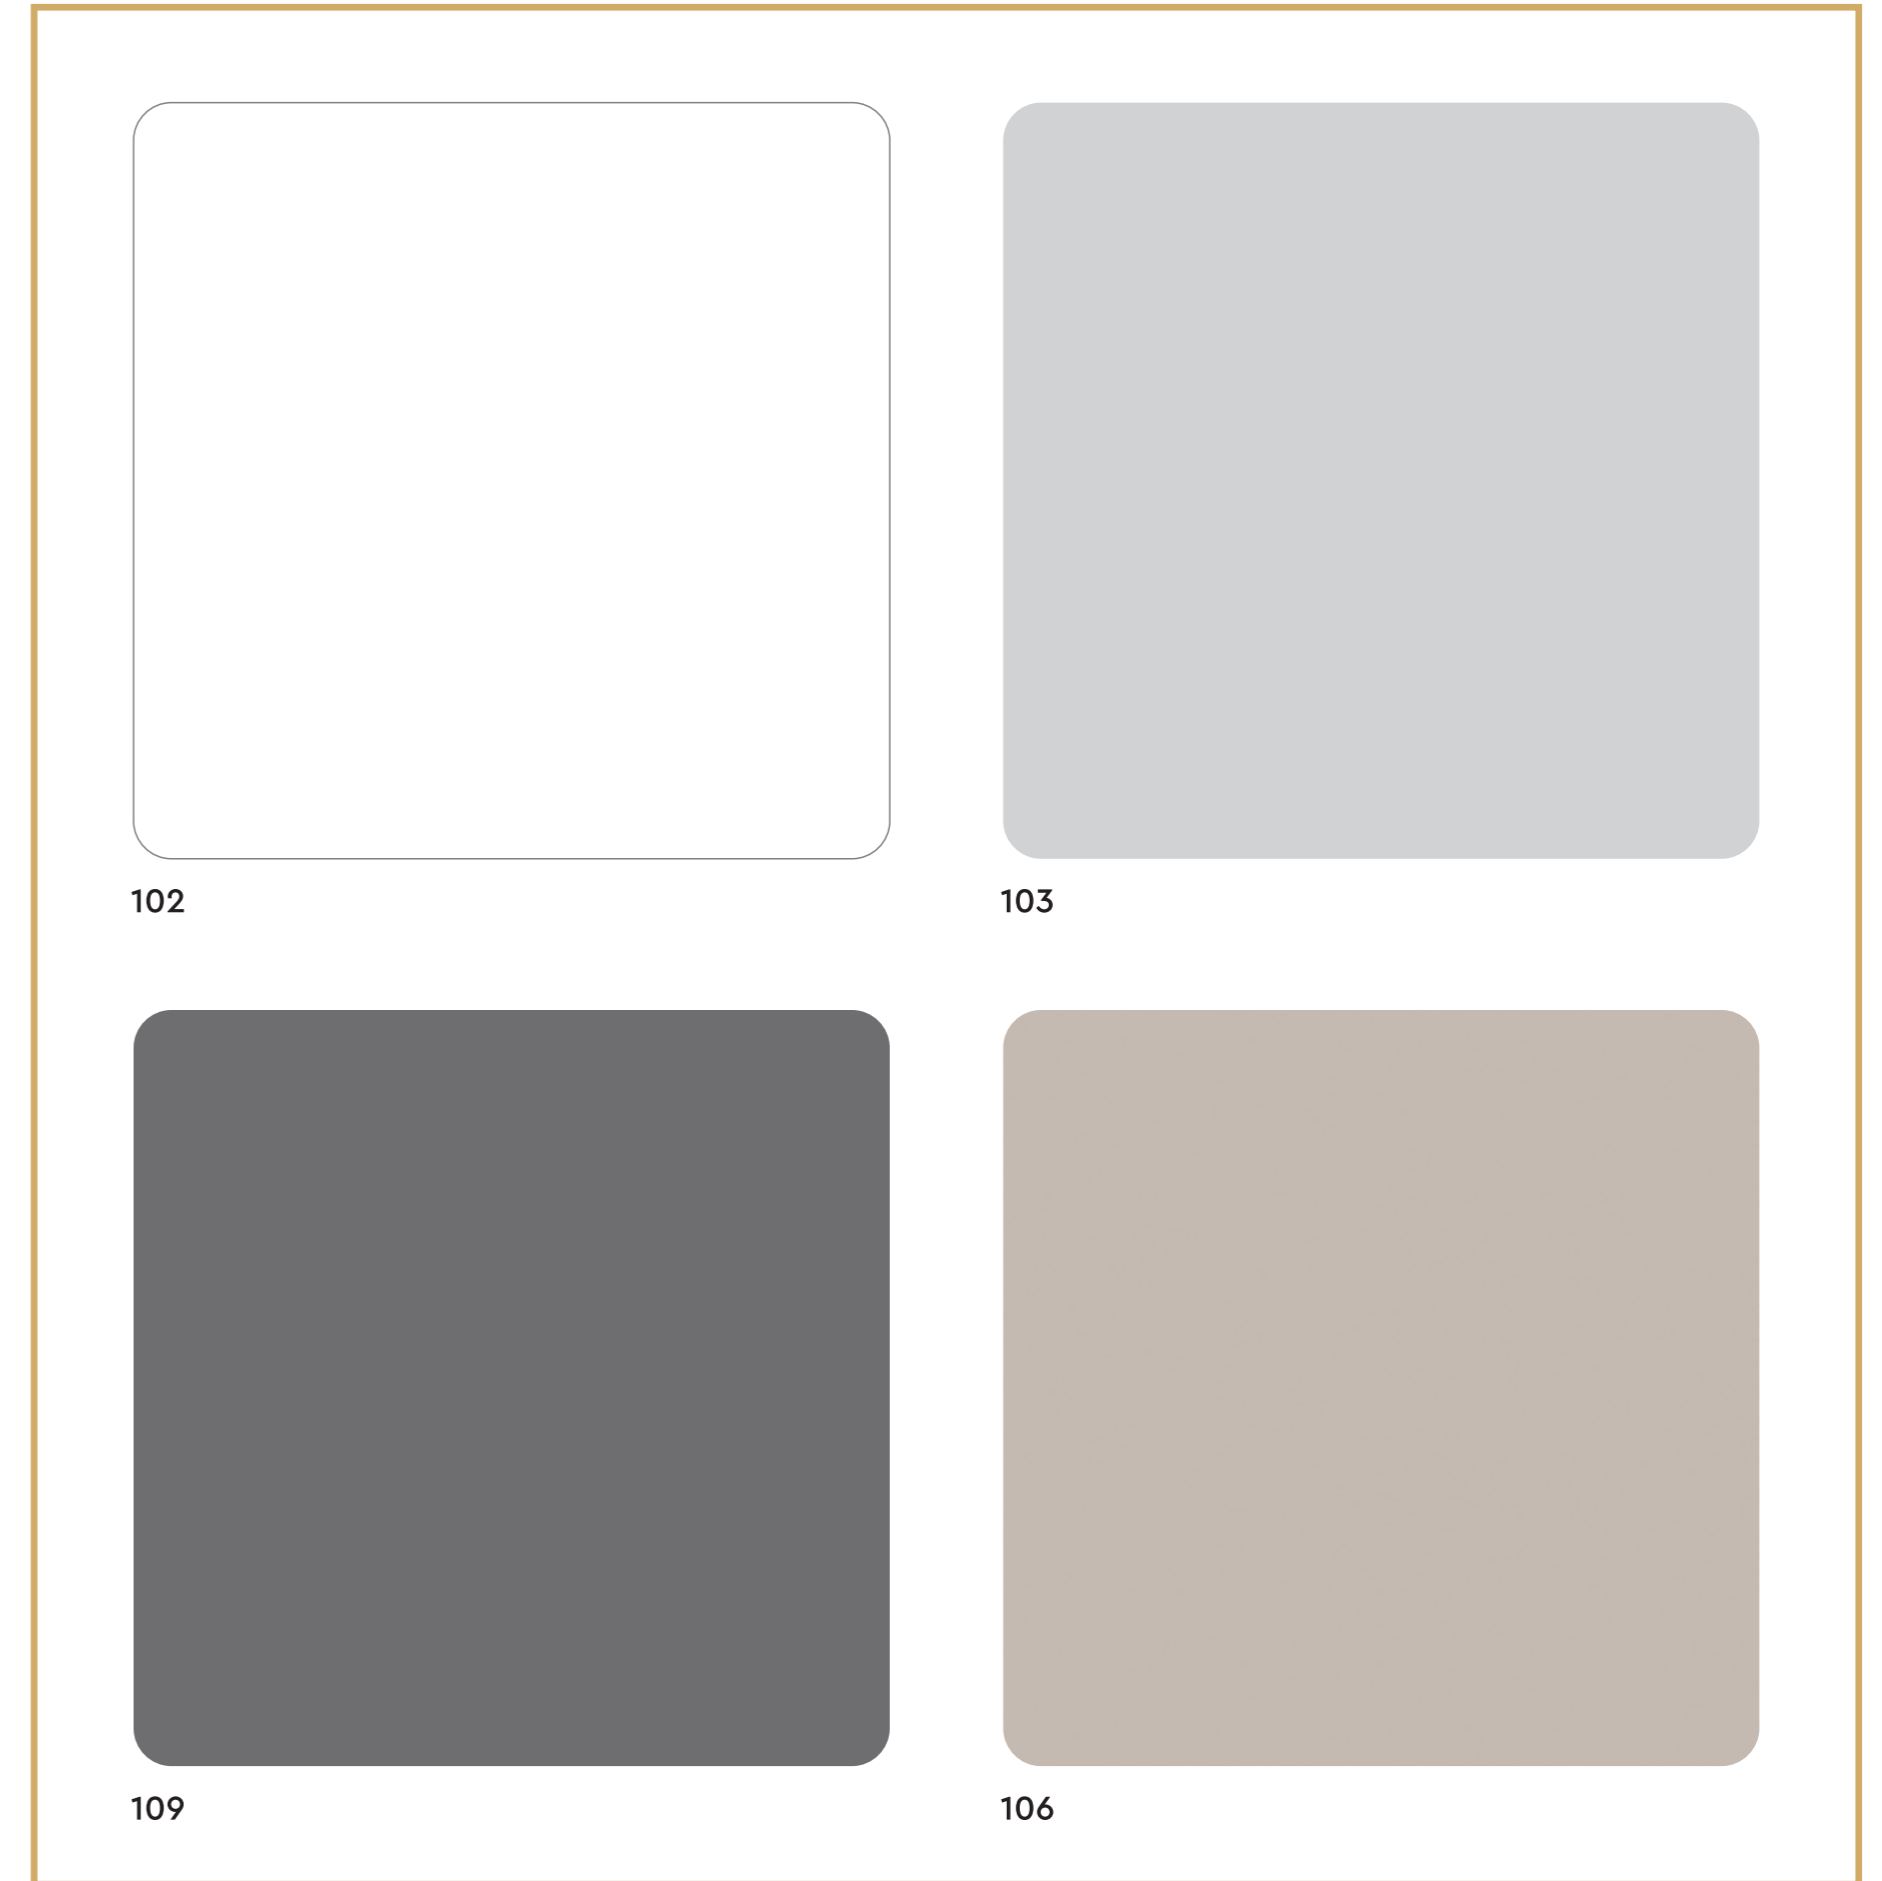

Discover understated sophistication with our Matt Collection, where soft, muted finishes redefine modern elegance. These surfaces boast a non-reflective, velvety texture that exudes calm and understated luxury. Ideal for creating sleek, contemporary interiors or adding a subtle touch of class, they complement any design aesthetic. The matte finish reduces glare, making spaces feel warm and inviting. Elevate your environment with a refined, sophisticated look that stands the test of time. Perfect for those who appreciate quiet elegance and timeless style.

Reasons for air bubble formations on Acrylic sheets

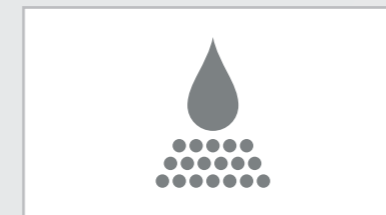

To avoid delamination / air bubbles in between surface laminate and plywood (or any other suitable substrate) the below points need to take care of it.

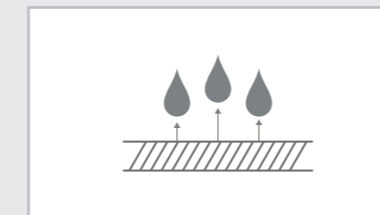

Acrylic are bonded in extremely humid conditions

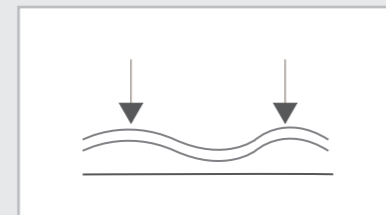

Use of extremely large acrylic/PVC laminate sheets (more than 8ft x 2ft long)

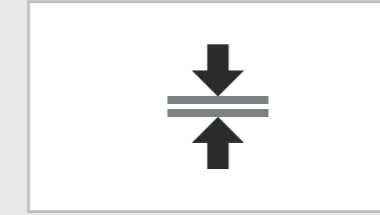

Use of water base synthetic resin adhesive any other than PEVA (Polyethylene Vinyl Acetate Co-polymer)

When substrate loses moisture after installation

Debonding in certain areas because of uneven substrate surface

Insufficient or lack of pressing during the bonding period of laminate

APPLICATION

Ensure proper use of substrates and observe careful bonding techniques. These laminates can be easily applied on PVC Boards, Plywood & HDF boards. The surface of the substrates should be smooth and free of wax, dust, grease, chips of any other foreign matter, we do not recommend any kind of coating like PU based, melamine, lamination of wax on our products.

DIMENSIONS: SIZE: 2440mm X 1220mm, Thickness 1.5mm & 1 mm(+ /-10%)

DISCLAIMER

- Company is not liable of colour variation after installation.
- Check the sheets for colour variation before installation.
- The laminates in the catalogue may differ in color from the original laminates.
- Company is liable for replacement of the sheets only in case of manufacturing defect.
- The sample swatches only represent the designs, colour and finish.
- They do not represent the actual thickness.
- Company is not liable for any air bubble on sheets after installation.
- Use only genuine Acrylic adhesive.

MAINTENANCE

Any cleaning agent containing acids, alkalis or abrasive should not be used to clean the laminates, Exposure to sunlight should be avoided.

Kindly remove the protective film within 7 days of installation of laminates.
