THERMO-X

STORY

At THERMO-X, we specialize in crafting high-quality colour laminates that bring style, durability, and innovation together. Our products are designed to enhance modern interiors with a wide spectrum of colors, refined finishes, and dependable performance. Driven by a passion for design and precision, THERMO-X focuses on advanced manufacturing techniques and strict quality standards to deliver laminates that meet the evolving needs of architects, designers, and homeowners. From subtle pastels to bold solid colors, every laminate reflects our commitment to consistency, strength, and visual appeal.

We believe surfaces should do more than look good they should last longer, perform better, and support healthier living spaces. With a strong emphasis on innovation and customer satisfaction, THERMO-X continues to redefine color laminate solutions for contemporary lifestyles.

THERMO-X ECO-FRIENDLY MATERIAL

Antifinger, anti scratch, soft touch and more environmental friendly

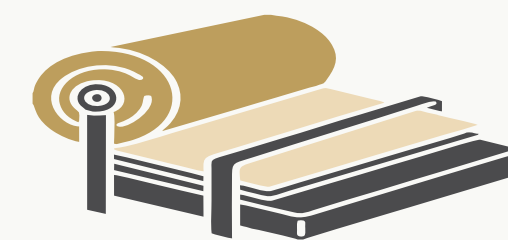

- Using excimer technology, the surface has been improved repair performance and is super scratch-resistant compared to similar THERMO-X products on the market. Extremely delicate.
- THERMO-X material is composed of multi-layer structure and has stable performance.
- Comply with EU REACH regulations and food-grade environmental protection requirements.
- It does not contain plasticizers, formaldehyde, heavy metals and other harmful substances, and is truly non-toxic and odourless.
- Weather resistance gray card level 4 or above, specific colors can be weather-resistant for up to 5 years without discolouration.
- The hardness is good up to 1H and has good scratch resistance.
- The stain resistance level can reach level 5 with no obvious change.
- The matte surface feels as smooth as skin, and minor scratches can be repaired with heat.
- Compared with PVC, THERMO-X is more environmentally friendly and has stronger surface anti-fouling and scratch resistance.

It is a very ideal decorative material for door and wall integrated cabinet door panels.
